

Dear Sir/Madam,

My name is Shefaa Al Sayed, and I am currently studying Front-End Development at Noroff School of Technology.

During my studies, I have gained experience in HTML, CSS, and JavaScript. I have worked on several projects, including an e-commerce website (RainyDays), a JavaScript application, and Exam project where I improved my skills in responsive design and user experience.

I enjoy creating clean, user-friendly, and responsive websites. I am always motivated to learn new technologies and improve my coding skills.

I am looking for opportunities where I can grow as a developer and contribute to real-world projects.

Thank you for your time.

Kind regards,
Shefaa
